

Where Adventure Lives!

Avalanche Bay Indoor Waterpark is the place for family fun! At 88,000 square feet, it's the largest indoor waterpark in Michigan and offers plenty of attractions for all ages including six waterslides, a shallow kid's pool, a lazy river, activity pools, massive arcade and Michigan first surf simulator and ProSlide SuperLOOP™! Continuing with Boyne Mountain's Austrian theme, Avalanche Bay's décor characterizes a Swiss-Austrian village hit by an avalanche. But no need to worry, avalanche temperatures don't exist in Avalanche Bay. It's always a comfortable 84 degrees. With all this action, be sure to keep energy levels high by visiting the Snack Shack or Après Ski Pub to refuel on great pub food and the opportunity to order an adult beverage.

Rides and Attractions:

Après Ski Pub: Take a seat for a welcome retreat from the water. You'll discover an assorted menu of fine pub food, as well as the opportunity to order an adult beverage.

Avalanche Bay Arcade: This multi-level arcade has over 50 games and the coolest titles.

Blizzard Bay: Shoot some hoops or toss a ball, there's lots to do in the Blizzard Bay activity pool.

Boyne River Lazy River Adventure: Chill-out and float on the Boyne River for a relaxing ride through the waterpark.

Down-hill Mat Racer: Challenge your friends to a race, as the four-lane mat racer slide fills the need for speed.

Glacier Hot Springs: After all the aquatic action has worn you out, take a soak in the Glacier Hot Springs hot tubs.

Haute Route Water Crossing: Watch your step as you cross the floating icebergs of the Haute Route! Hang on to the rope net above and see if you can make it across without falling into the pool.

Kitz Pool Interactive Shallow Pool: Great kids entertainment and a safe environment for parents and children to splash-together.

Rip Zone Surf Simulator: Michigan's FIRST indoor surf simulator – A snowboarder and surfer's dream! Rip Zone simulates the perfect wave indoors!

Snack Shack: The perfect match for waterpark fun, the Snack Shack has a variety of good tastes for lunch, dinner, or a snack in between.

Splasherhorn Play Structure:

When the clock tower chimes and the mountain roars, look out below! Every thirteen minutes, this giant mountain play structure dumps an 800-gallon water avalanche on the explorers below.

Super-G Inner Tube Slide: Hop on an inner tube and let 'er rip! The Super-G tube slide sends you along twists and turns alone on a single tube or grab a friend on a double tube.

The Big Couloir: Michigan's first ProSlide SuperLOOP™, an extreme body slide with a 360-degree loop and the steepest drop in the industry.

Vertigo Cannonbowl Slide: A tube slide sends riders into a giant bowl, then around-and-around until finally being flushed out into the pool below.
