The Moor

Boyne Highlands – Est. 1974

The Moor is known for its unique design which features numerous doglegs. The front nine is advantageous for the right handed power fade-hitter, as holes 1, 2, 7 and 9 all bend from left to right off the tee. The two par-5's on the front side invite you to risk losing a shot at the reward of saving one.

The back nine opens with one of the most challenging par-4 holes at BOYNE, a tight driving hole with 3 separate ponds situated on the left and right sides of the fairway and another in front of the green.

The par-5 18th is a great finishing hole in the classic BOYNE tradition. This means one last water hazard to clear. Did you know that there is a water hazard on the 18th hole at all 8 of the BOYNE courses?

Every July, the best young players in the world converge on the Moor's 6814-yard layout for the American Junior Golf Association's Coca-Cola Junior All-Star Championship at Boyne Highlands.
