The Arthur Hills

Boyne Highlands – Est. 1999

An Arthur Hills signature course, The Hills at Boyne Highlands starts out fairly unassuming with classic Arthur Hills design features such as wide fairway landing areas sprinkled with bunkers to narrowing approaches with fascinating green complexes.

It is after you make the turn that the real character of the design plays out. The 11th hole, a lengthy par-5, begins a three hole ascent to one of the highest points in the region and the magnificent view from the 13th tee. The round finishes in proper fashion with a 577 yard monster of a par-5 (shown above) that is reachable in two for the brave long hitters.

As soon as The Hills burst onto the northern Michigan scene, it became a must play for its brilliant design, course conditions and photogenic good looks; all of which were showcased on the Golf Channel's hit series—Big Break X: Michigan
