

Where Adventure Lives!

Avalanche Bay Indoor Waterpark is the place for family fun! At 88,000 square feet, it's the largest indoor waterpark in Michigan and offer's plenty of attractions for all ages including five waterslides, a shallow kid's pool, wet climbing wall, a lazy river, activity pools, massive arcade and Michigan's first surf simulator. Continuing with Boyne Mountain's Austrian theme, Avalanche Bay's décor characterizes a Swiss-Austrian village hit by an avalanche. But no need to worry, avalanche temperatures don't exist in here; instead it's always a very comfortable 84 degrees. With all this action, be sure to keep energy levels high with a visit to the Snack Shack or Après Ski Pub to refuel on great pub food and kid and adult beverages.
