The Heather

Boyne Highlands – Est. 1966

The Heather was the first of the eight golf courses in BOYNE's remarkable portfolio. Designed by Robert Trent Jones, Sr. in 1966, the Heather's challenge is absolutely timeless and is considered to be one of the finest championship courses in the nation.

In present day form, the Heather spans 7118 yards of temptation, drama and mystique. A championship caliber player will find a sound test for every facet of their game; yet the course is consistently recognized as one of the friendliest for women and senior golfers.

Many prestigious events have chosen to make the Heather their host site for its fair and consistent play, including the 1998, 2006, and 2011 Michigan Amateur Championships.

Wildlife abounds as you traverse over rolling fairways, natural wetlands, tour white sand bunkers, and blueberry bogs.

Enjoy your game in the most traditional way by walking your round with a caddy for an experience you will never forget.
