Today at Boyne Mountain

If you haven't heard the news...A HUGE event is coming to Boyne Mountain Resort for the first time in history. Samuel Adams Air & Après is about to rock your world this Saturday with a nighttime showcase that combines the thrill and skill of some of the best skiers and riders, alongside cutting-edge 3D projection mapping. You're not going to want to miss it!

Our park crew will begin building the jumps for the event today, so as you pass them by on the lift, give them a shoutout - they've been logging long hours to bring you some cool new park features!
